What Does A Meat Grinder Do?

Meat Being Grinded

Beef Patties

Ground Beef

The Meat Grinder is a versatile kitchen appliance that allows you to grind various types of meat effortlessly. With its powerful motor and sharp blades, it can quickly and efficiently grind meat to your desired consistency. Whether you want to make homemade sausages, burgers, or meatloaf, this grinder is perfect for any meat preparation task.

Butcher Boy Meat Grinder

Model: 722, 822SS, 922SS

The BIRO 722 / 822SS / 922SS Series of Manual Feed Grinders are reliable, durable, and affordable grinders perfect for restaurants, meat departments, and hunters. These grinders feature specially designed motors that provide ample power and output for all your grinding needs. Equipped with a single reduction HTD belt system, these grinders offer maximum power without slippage, ensuring greater productivity. The bowl assembly and feed tray can be easily removed without the need for tools, making cleaning and maintenance a breeze. With a 22 head size and the option of a straight or flared throat, you can choose the grinder that suits your specific requirements. Experience reliability, durability, and low maintenance with the BIRO 722 / 822SS / 922SS Series of Manual Feed Grinders.

The above described parts are manufactured and/or supplied by National Band Saw Company as replacement parts for equipment. National Band Saw is not affiliated with any original equipment or parts manufacturers.
